Warlander Colt for sale

\$ 9,500

Description

Alejandro, a 2023 gray colt is 3/4 Andalusian and 1/4 Friesian. His sire is Persiles YET, an imported 3 ANCCE stamp black. There were only a few dozen stallions in the world with the Recommended Morphology stamp the year he received it (48 out of 20,000). The sire of Persiles is an even more rare, Breed Improvement stallion in Spain and is also a national champion of Spain. The dam of this colt is half Andalusian and half Friesian. She has 3 national championships when shown in 2017 and a gold medal movement award. Her sire is the incomparable Saltador ORO, Horse of the Year, 14 times national champion and sire of 17 national champions. Promesa's full brother is also a multiple national champion. Alejandro has it all: movement, personality and a great conformation. Both parents are 16 hands or more so he should be a nice size at maturity.
