Description

Alegria de Maria comes with a loaded pedigree full of national champions of US, Mexico and Spain. Her sire is a dressage horse Caracol de Maria by our 4 times national champion Dardanos RDL. Dardanos is a 3rd level dressage horse with 78 show titles, sired by the legendary Indiano 18 and his dam is a double granddaughter of Centella V, Champion of Spain. Caracol's dam is the granddaughter of Sicab Champion and qualified stallion Utebo II. No less impressive is the pedigree of the dam of this filly, Engallada FR. Two qualified stallions are found here including a repeat of Utebo and several horses from the well known breeding program of Candau, as well as military blood. The photos below include some of the famous horses in this pedigree.
