## Description

Adelita SW, born March 2011 is one of those horses hard to find. She has it all: clean health history, under saddle and husband, youth safe; she could be used for pleasure, trail, working equitation, and gaits good enough for show. She is a proven broodmare with ANCCE approved offspring. Her half sibling has multiple national show titles. Her grandsire is a multiple national dressage champion at level 4, imported off the Spanish Olympic training team. Her dam was eastern regional champion as a filly. Adelita's pedigree includes prestigious Spanish lines such as Terry, Lovera, Military, Escalera, Cardenas, Olympians. She was worked with at a young age and we have two videos. Just cut and paste into your browser or search Judy Henslee Adelita on you tube. The first video is growing up, including some recent footage of ground manners: [https://www.youtube.com/watch?v=kljlb\\_J-pG0&t=89s](https://www.youtube.com/watch?v=kljlb_J-pG0&t=89s) The second video is recent saddle work: <https://www.youtube.com/watch?v=UHbxexacrpo> The first 6 photos are of Adelita and the 7th is her sire. The 8th is her dam in foal.
